7. Interim dividend

The Board of Directors of the Company has declared an interim dividend of 10 cents per share (1 July 2011 to 30 June 2011: 40 cents per share) payable to shareholders whose names appear on the Register of Members of the Company on 20 2012. The interim dividend is expected to be paid on or about 27 2012.

8. Earnings per share

The calculation of basic earnings per share is based on the following data:

	Three months ended 30 June 2012	Three months ended 30 June 2011
	HK$'000	*HK$'000*
	( )	( )
Earnings for the purpose of basic earnings per share, being profit for the period attributable to owners of the Company	08,060	1,814,33

	Number of shares for the three months ended 30 June 2012	Number of shares for the three months ended 30 June 2011
Weighted average number of ordinary shares for the purpose of basic earnings per share	854,666,754	852,566,187
Effect of dilutive potential ordinary shares: Share options		1,762, 01
Weighted average number of ordinary shares for the purpose of diluted earnings per share	854,666,754	858,572,247

The computation of diluted earnings per share for the three months ended 30 June 2012 does not assume the exercise of the Company's share options because the exercise price of those options was higher than the average market price for shares for the period.

9. Acquisition of subsidiaries

During the period, the Group acquired subsidiaries which contributed $1,26 (1 July 2011 to 30 June 2011: $1,143) to the Group's profit for the period.
